Despite the challenges brought on by the pandemic, HAF pulled together, pivoted, and delivered.

So what exactly did we do?

By the way, have you checked us out on Instagram?

Our three virtual galas connected 1,000 of us from across the country.

The virtual nature of the year allowed us to connect directly with many of you who have not been able to attend our in-person events in prior years. Our three virtual galas brought together over 1,000 of you from across the country. We heard from Grammy nominated artist Chandrika Tandon, played Hinduism Trivia together, and were awe-struck by the talent of speed painting artist Vilas Nayak.

Our year end gala featured a conversation between Fred Stella and Drishti Mae about their respective journeys to Hinduism. It was so popular that we offered the recording on demand and even brought Fred and Drishti back for a second conversation.
Our policy team has been working to ensure Hindu Americans are treated fairly and afforded the equal rights and opportunities.

We successfully partnered with community members to fight off a bill in New York that would have forced the swastika to be taught solely as a symbol of hatred. We continue to push for the elimination of green card country caps that disproportionately affect Hindus.

Our new Advocacy Center allowed community members to contact elected officials directly. 12,000 advocates sent 33,000 messages to over 400 offices in 2020.

Our annual Advocacy Forum went virtual this year with 350 of you joining in over the two days. Themed Dharma Advocacy: Empowering Hindus at Home and Abroad, the forum addressed Hindu human rights in Bangladesh and Pakistan as well as US-based issues including Hinduphobia.

12,000 advocates sent 33,000 to over 400 offices

Pakistani Hindus continued to be a focus for 2020.

We continued our support for the wellbeing of our Hindu brothers and sisters who fled persecution in Pakistan and still live in refugee camps in India. Thanks to the generosity of many of you, over 4,000 refugees have received vital medical services for the past five years. Additionally, we published Hindus in Pakistan: A Survey of Human Rights, 2020 to continue highlighting the discrimination and persecution faced by the minority Hindu community in Pakistan.

700 of you completed our community training programs.

We expanded our popular Dharma Ambassador program and launched a new program... Dharma Advocates designed to train Hindu Americans to become more effective and influential advocates on a wide variety of local, state, and federal issues of importance. More trainings are scheduled for 2021... we hope to see you at one of them!
Our education efforts went beyond Diwali.

Our revamped Diwali toolkit brought one of Hinduism’s most famous holidays right to your classrooms. We also created explainers about two popular but less known Hindu holidays, Onam and Vaisakhi. And we released our Kashmir conflict lesson plan, aligning our policy and education efforts.
Thank you for all your support.

If you attended our virtual year end gala, you may have seen a preview of our latest activity, Find the Hinduisms. Some of you may have even won a premium printed copy of your very own. But we want to extend our gratitude to all of you. Your support keeps us going...through tough times and good times. The accomplishments in this newsletter are not just HAF’s, but yours as well. So, we hope you and your family will have fun “finding the Hinduisms” in this scene.

From all of us at the Hindu American Foundation, thank you. We look forward to the new year filled with new challenges and opportunities.
